C.da Padune 11, 64026 Roseto, Italy

Dr. Jennifer Hunt
Via email to: jen.h.hunt@gmail.com)

March 24th, 2026

Dear Dr. Hunt,

I refer to your request for accreditation of the Phymarex Marseiile European Certified Hyperbaric Chamber Operator (ECHCO) Course (course code: JEEAC-01-26) by the European College of Baromedicine.

I am pleased to inform you that, following examination of the course curriculum and the training faculty, your course is recognised, in accordance to the Joint ECHM-EBAss Accreditation Committee (JEEAC) criteria, as qualifying for the levels of "ECHCO"

The accreditation fee is of € 50.00 to be transferred to the ECB according to the bank coordinated shown below.

Students who successfully complete the course will be eligible to sit the EBAss on-line examination to progress to ECHCO as applicable. Individual ECB Accreditation Certificates will only be granted to students who successfully complete the accredited course and the EBAss on-line exam and apply for such certification through you. The fee for each such certification is 10 Euro.

Please forward a copy of the student attendance register following completion of each course as well as a list of students successfully completing the course, together with evidence of passing the EBAss on-line exam signed and attested by the course director.

Kindest regards,

Alessandro Marroni MD
Secretary General
